Lemons Beautify! Make Quarter Pint of Lotion, Cheap

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to bleach the skin and to bring out the roses. The fresh and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with or diluted with water. Strain through a fine cloth the juice of fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quart of skin and complexion lotion at about the cost of one usually pays for a small jar of ordinary cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands, it should help to bleach, clear, smoothen and beautify the skin.

AMERICANISM AS ITS IDEAL

A Defense of the German-American Alliance.

Pro-Germanism Before War, Von Bosse Admits.

Denies Any Connection with Berlin Government.

WASHINGTON, March 19.—A general defense of the patriotic character of the National German-American Alliance against charges of disloyalty was made today before a Senate Judiciary subcommittee by the Rev. S. G. von Bosse of Wilmington, Del., president, who asserted the alliance has no connection with the German government nor the German people and that its influence has always been directed toward keeping alive German ideals and to fostering loyalty to this country.

The committee has under consideration a bill by Senator King of Utah which would revoke the Federal charter of the National German-American Alliance, a retired member of the committee's German-American Alliance, existing only for those living in this country, having American citizenship, American loyalty and American love for liberty written upon its banners.

He was interrupted several times by committee members for cross-examination.

"What have you said in condemnation of the sinking of the Lusitania?" asked the chairman.

"The Lusitania was sunk before the United States went to war with Germany," he replied. "I took the view that the United States went to war with Germany because of the sinking of the Lusitania."

Letters written by Mr. von Bosse to a Wilmington newspaper after the European war broke out, justifying Germany's invasion of Belgium were read.

The witness admitted having written the letter, saying he believed at that time that Belgium was neutral.

WILD RUSH FOR STARS UPSETS ESSANAY.

INFLATED SALARIES HAS HAD BAD EFFECT ON MOVIES, DECLARED.

CHICAGO BUREAU OF THE TIMES, March 19.—The wild rush for theatrical stars and the effect of inflated salaries on the motion-picture industry have caused the closing of the studios of the Essanay Motion Picture Company, one of the best-known motion-picture concerns in the country, it became known today.

The big plant at No. 1232 Arroyo street has been shut down. How long it will remain darkened depends on the return of the industry to normal conditions.

George K. Spoor, president of the firm, and one of the pioneers in the movie world, says he will not resume the making of pictures until the "cut-throats" are routed. During the last few months moneyed men have been flocking to the motion-picture business, bid up the salaries of stars of the "legitimate" theater and have caused a great deal of competition that precluded profit making.

Many other managers are said to be considering Mr. Spoor's action and the batteries of the "pie tasters" of Los Angeles may soon be still.

PLAN TO BLOCK HUN WIRE TAPERS.

WASHINGTON, March 19.—Charging that German spies are constantly tapping telephone and telegraph wires used by the War Department, Senator Owen of Oklahoma today introduced in the Senate a resolution to prevent the tapping of wires.

The department was asked particularly to report on available mechanical devices designed to prevent wire tapping.

DOING THE THINGS MONEY CAN'T BUY.

ATLANTIC CABLE AND P. I. PARIS, Monday (AP)—There are many things in the way of money that money cannot buy, said Henry P. Davidson, chairman of the American Red Cross War Council to the Associated Press correspondent today. "Our government has taken care of our boys and their families, but it is in the way of money. The purpose of the Red Cross is to supply our boys with the things like moral help and sympathy, which money does not supply."

DURANGO IS SAFE; VILLA RAID DENIED.

NEW YORK, March 19.—Reports that Villa bandits had captured Durango City, Mex., were contradicted today by the official statement of the Mexican government, which gave out advice that Chihuahua and Durango States were both free from bandits.

It was said at the office of the Mexican government that in recent battles with government forces bandits were badly defeated and the small towns still in the hands of the bandits were scattered and driven into the mountains. No city or town of importance had been captured or was in danger of attack.

GERMAN PRISONERS GET BEYOND CONTROL.

LONDON, March 18.—A message to Reuters' Limited from Tokyo, dated Saturday, states that the Japanese War Minister, speaking in the House of Representatives, stated that there were 34,000 German prisoners east of Lake Balkal and 8,000 west of that point. Those in the east are beyond control and are trying to get arms.

A thousand men, under Gen. Semenov, are opposing the Maximilians east of Lake Balkal. The Entente Allies may support Gen. Semenov, but his force is weak, while the Maximilians are growing in power and are obtaining arms and ammunition.

GERMAN COLONISTS GOING TO COURLAND.

DRY AMENDMENT RATIFIED AT PIERRE. (BY A. P. NIGHT WIRE) PIERRE (S. D.) March 19.—The South Dakota Senate today ratified the Federal prohibition amendment without a dissenting vote. The measure is under consideration in the House, where it is expected to meet with little opposition.

BROKERS' ACT HELD INVALID.

Real Estate License Measure is Not Constitutional.

Commissioner Bloodgood is Out of a Good Job.

State had Collected Fees Aggregating Over \$40,000.

SAN FRANCISCO, March 19.—The Real Estate Broker's Act passed by the last Legislature, and under which the Real Estate Commission was appointed Real Estate Commissioner for the State, was declared unconstitutional today by decision in the California Supreme Court.

The law required the licensing of all real estate brokers, those having insurance licenses being exempted from paying license fees. Brokers who did not have insurance licenses took the case to court, which resulted in today's decision.

Bloodgood, formerly a member of the State Board of Control, was appointed by Gov. Stephens. As provided by the act, he received a salary of \$5,000 a year, plus office expenses in Sacramento.

The petition for a ruling on the law attacked also the provisions of the act which exempted persons holding power of attorney for property owners, and firms or individuals who are subject to regulation by either the State Railroad Commission or the Federal statutes.

The court contended that the regulation of insurance brokers was not provided for by the Political Code, and that special legislation was not necessary.

The act provided for a bond of \$1000 and a yearly license fee of \$10 for each realty broker coming under its control.

The bill was presumed to have been aimed at the "curbstone" brokers, as it demanded that every broker have an office.

RUSSIAN PEACE.

HYPOCRISY. "Hypocrisy," the Chancellor added, "has become a second nature to the enemy, whose unscrupulousness is made worse by its brutality. Every attempt at calm explanation and every real deliberation must wait while the enemy, at the very moment they are laying a heavy hand on a neutral country, dare to speak of the peace treaty which is in the making."

The treaty with Russia contains no conditions disadvantageous to Russia. It is in accordance with their own wish and the wish is accepted by Russia.

The Imperial Chancellor declared that Courland and Lithuania were united to Germany politically and economically and militarily, and added:

"Livonia and Esthonia are the eastern frontier fixed by the treaty, but we hope that they also will have close and friendly relations with Germany, not, however, to the exclusion of their friendly relations with Russia. Poland is not mentioned in the treaty and we shall endeavor to see if it is possible to live in stable and good neighborly relations with the new state."

"If the Reichstag adopts the peace treaty, peace on the whole eastern front will be restored, as I announced on February 18, but among the Entente powers there is not the least inclination to finish this terrible war. The responsibility for bloodshed will be upon those who wish continuation of the bloodshed."

Grover Cleveland Alexander and Cub Management Patch up that Big Row Over Bonds

NOTED HURLER
QUITS LINKSPitcher De Luxe is to Don
Uniform Today.Exact Terms of the Peace
Making Secret.More Holdouts Must Now be
Pacified.

(LOCAL CORRESPONDENCE.)
PASADENA, March 19.—Although one of the most monotonous of rains kept Chicago's Cubs cooped up in Hotel Crown all day today, they really accomplished more than on any day of the training trip so far because they induced Grover Cleveland Alexander, the de luxe hurler, to forsake his golf and his new balk motion and his sulking and come into the fold and be one of them. Alex will be out in a uniform for his first practice tomorrow.

The satisfying of Alex the Great was accomplished just at noon time when William Wrigley joined Manager Mitchell and Business Manager Cravens and the trio invited Alex into a private room in the hotel. The conference lasted nearly an hour and what took place was not made known. All that was given out was the fact that Alex had been satisfied and would begin training tomorrow. Mr. Wrigley and the star hurler disappeared at once in the former's touring car and it was thought possible they went to the bank for a bag of gold for Alex to take back home with him.

While the conference was going on other players sat around the lobby anxiously awaiting results. When the good news was announced it caused joy in the entire camp and immediately there was increased hope of getting a pennant for the North Side in Chicago.

The players were guessing what terms Alex had procured, but apparently he didn't let any of them in on it. Many think he got \$5000 in cash with an agreement of getting the other \$5000 he demanded in a couple of payments, one of \$2500 tacked onto his 1933 salary and one for the same amount to be given him the following year. While the big star is now in line it was learned today that there still are three or four holdouts on the club. One of them is Fred Merkle; another is Rowdy Elliott, and another is Harry Wolter, and, of course, Vic Aldridge, who didn't even come on the trip, because of holding out.

LONG BEACH WILL
ENTERTAIN CUBS.

(LOCAL CORRESPONDENCE.)
LONG BEACH, March 19.—This city will entertain the Chicago Cubs next Monday afternoon, when the National League's new training in Pasadena, visit Long Beach for a game with the Long Beach Polytechnic High School nine.

Preparations are being made to handle the biggest crowd of fans in several years by the local High School students. Although the Cubs have not announced their battery, the management promised to carry the regular line-up to this city for the delight of the local fans.

Buchley and Schall, alternating on the mound, and Lawson and Hindley, behind the bat, will constitute the Long Beach Poly batteries.

BILL HAYWARD, NOTED
COACH, UNDER KNIFE.

(BY DIRECT WIRE-REUTERS DISPATCH.)
PORTLAND, March 19.—William Hayward, well-known track coach and trainer of the University of Oregon, was operated on this morning for an ulcer of the stomach at the Portland Surgical Hospital, by Dr. R. C. Coffey.

Hayward is well and favorably known in California, where he has visited almost every year in an advisory capacity, when Oregon teams have played either football, basketball or participated in track events.

Hayward, more commonly known as "Bill," had not recovered from the effects of an anesthetic this afternoon at 1 o'clock, but his condition was pronounced as favorable as could be expected.

Hayward left a sick bed last December to help Hugo Bessek put the Marines in shape for their Pasadena game against the Army on January 1. He has not been well since.

MIKE BRADY OPEN
GOLF CHAMPION.

Mike Brady is the open champion of Southern California. He won the twenty-two hole medal play test, covering two days, with a score of 289, at the Los Angeles Country Club. His score yesterday was 151 for the thirty-six holes.

Jack Black was only two strokes behind with 291, and the three next best were Hott Martin with 310, Bob Simpson with 293 and Ernest Martin, with 315.

POMONA AND OXY
CONTEST POSTPONED.

Another track date was relegated to a watery grave yesterday, when Pomona and Occidental failed to grapple at Patterson stadium, because of the damp condition of the landscape. The Sageshens and Tigers have valiantly resolved to try again and will get together next Tuesday if conditions permit.

If the Tiger track is sufficiently dried off this afternoon Occidental and South Pasadena will step through an informal practice affair.

THE OAKS.

(BY DIRECT WIRE-REUTERS DISPATCH.)
BOYER SPRINGS, March 19.—Old Sol came out in all his glory today and sent the Oaks out on the field all smiles. It took some time to dry the grounds at that. Dad Williams used rags, a sponge, dry dirt and coal oil to overcome the dampness. The catching staff and some of the hurriers worked out in the gymnasium instead of out in the open.

Both Rube Gardner and Rex Allen have been going like a house afire in their work around the first sack. The gent who plays in the opening game will never be picked here. Del will have to decide that matter after he has seen both in action in the games on the Oakland ball field. If Delmonico has any idea as to the men he expects to play on the regular line-up, he is keeping it to himself. Catcher Dillmer took a lay-off for the day on account of a sprained ankle. Harry Kraus has developed a new delivery this season. Harry calls it a left-handed fedaway, which drifts over the corner as big as a tea.

THE SENATORS.

(BY DIRECT WIRE-REUTERS DISPATCH.)
SACRAMENTO, March 19.—Rodgers' task with his Coast Leagueers is to keep the youngsters, Elliott, Prentice and McNulty. They are sweet players, says Bill, and if he can keep them believing they are the greatest ball players in the Coast League they will set the fans agog with admiration when the season gets under way.

Elliott, the Los Angeles boy, who is making good at short during the training season games, is going to stick there as long as he keeps up his gait. The team lines up now with Elliott at short, and Finnelli at third, with Prentice to step in should anything happen.

Rodgers today said he was going to pick his young players together shortly to give them a talk about the fighting spirit that wins ball games and advise them never to lay down. Rodgers today compared Elliott and Prentice to Hollocher and Bobby Davis when they broke into the game along side of him. Bill is satisfied with the old heads on his club and his task is to keep the youngsters fighting at all times. He says he knows it, too, and is acting accordingly. Tomorrow's game with the Davis Farm team is off. Thursday's game will be played at Folsom with the convicts.

The team worked out on a sloppy field today.

CRANDALL IS
BACK IN FOLD.Signs Angel Contract and
Joins the Squad.Game with the Chicago Cubs
is Declared Off.Weber in Town to Confer on
Infielders.

(BY DIRECT WIRE-REUTERS DISPATCH.)
SAN DIEGO, March 19.—Doc Crandall is the first of the Los Angeles team holdouts to crawl out of his winter hole and affix his signature to an Angel contract. Crandall arrived here this evening, leaving Los Angeles at noon after he and President Powers had come to terms at a special session held during the morning. The big pitcher was most welcome and says he is in good condition, having worked hard during the winter months.

The arrival of Crandall will greatly relieve the mind of Manager Killefer, now that he has three veterans on the staff to open the season with. Crandall was the fourth leading pitcher in the Coast League last season in games won and lost. He pitched 144 games and won 26, lost 26, and had 15 shutouts to his credit. Crandall batted .266 during the season and fielded his position well. He says he will be ready to take his regular turn on the mound as soon as the season opens and is anxious to get into his diamond togs.

Killefer and his Angels held their first stove-league practice of the spring training season today, being barred from the use of the Stadium grounds by the emphatic outburst of J. Fluvius.

TANK WORK.
The players lounged around the hotel lobby during the morning and in the afternoon accepted a special invitation from the Y.M.C.A. to use the gymnasium. They played handball, basketball and splashed about in the swimming tank. Peter Standridge was the star performer of them all and executed several fancy stunts in the plunge. Pete is certainly a diver and a swimmer. He dived to the bottom of the tank he will be the leading base thief of the league during the coming season.

But apart from all the joys of the day there was disappointment when Secretary Weaver announced the game with the Chicago Cubs would have to be cancelled because of the weather.

The Manager Killefer is not altogether satisfied with the hitting of the Angels and will inject extra batting in the next practice session. He has hit at a fair pace, but have always failed in the pinches and it is this defect that Killefer hopes to eradicate. Fournier is about the heaviest hitter on the club, but as yet he has not hit his stride. It is expected that Ted Terry, who has always been a fair batter, will be near the top this season.

Secretary Boyd Weber left for Los Angeles late today to confer with President Powers regarding the purchase of infielders, and it is expected that the secretary will return here with at least one under his wing.

bus about the park any, for, despite the sandy character of the lot, the field looked for thirty-six hours in a torrential rain, is a sea of slush. The skipper showed his first signs of impatience with the weather conditions today, although still declaring he is quietly satisfied with conditions in general and still believes his squad is able to go when the bell rings.

THE SEALS.

(BY DIRECT WIRE-REUTERS DISPATCH.)
FRESNO, March 19.—With the weather clearing up and streaks of blue sky showing here and there in the valley's canopy, Leroy Payne so impressed Mayor Toomey that the sun would shine Saturday that the Mayor at once issued a proclamation declaring March 19 "Navy Day," in Fresno, in honor of Duffy Lewis and his All-Navy team, which will arrive here Friday night to have 200 engagements with the seals, one on Saturday and one on Sunday.

Payne received word today that the Marine Band of Mare Island will accompany the All-Navy aggregation to Fresno. Meanwhile the Seals were again the star performers at the Y.M.C.A. gymnasium in an all-day session devoted to the highly scientific art of removing wrinkles and kinks from sinews without the use of any dangerous drugs.

The staff of pitchers have marked out a training ground that lies south by east from the long battery of chest weights and west of swinging rings. After the pitchers had been given a thorough workout the infielders were put through the paces and every player is highly satisfied with the results of the strenuous indoor work, while the grounds dry out.

POSTPONE MEET IN
FOOTHILL DISTRICT.

The L. A. High-Hollywood meet, scheduled for yesterday afternoon at Hollywood, has been tentatively postponed until Tuesday, April 2, and may be called off entirely if the prop baseball season is found to interfere with the use of the field.

SWIMMING MEET.

Vance Veith's much-heralded junior swimming meet will be spread forth for the approval of the public in the L.A.A.C. plunge Friday evening. Fourteen events for the "kiddies" have been arranged.

HANDRAIL GAMES.

Ad Frankel climbed from class B to class A on the L.A.A.C. handball chart yesterday, by defeating Babe Giffen, 14-21, 21-19, 21-18. Giffen took the number of Sam Hall by the scores of 21-17, 21-12.

CAPELLI GETS DECISION
IN FAST VERNON BOUT.

BY EDWIN F. O'MALLEY.

WITH the season just half over, there is a terrific race on for the House Packing League between Jack Doyle and Billy Sunday. The following are the latest official averages up to and including March 19: Jack Doyle of the Vernons, .414; Billy Sunday of the Universals, .414.

The best previous average was made by "Uncle Tom" McCarey in 1914, who poled them out for an average of .385. In Tuesday's game, Jack and Billy both batted 1.000. Doyle claims he has a fraction of a per cent. the better of the argument as per the following telegram which passed between the two swashmen last night:

"Chicago—Friend Jack: Packed them in 1900 strong. I guess that will hold you. BILLY.

"Vernon—Dear Bill: Turned out 1904. Had you tied at 1 o'clock, but Charley Van Loan showed up a few months later and just managed to squeeze him in. JACK.

The usual snappy card was on tap again at Doyle's last night. The six contests were rattlers, hardly a dull moment bobbing up during the evening's festivities. Seats were sold on the roof.

The big event of the evening found Billy Capelli and Joe Miller facing each other at 148 pounds, although Miller appeared much the heavier. The boys fought fast and put up a pretty exhibition of stickwork. Miller depended on a circular, short right swing. This appeared to be his only stock in trade. Billy showed a good left and right, and was much the better of his judgment of distance. In the fourth round, Joe discovered an inclination to hang on and hold in the clinches, which brought many cat calls from the crowd. The bottle was given to Capelli and the decision seemed just.

Announcer Tobey barked Jimmie Berry and Howard Waters, 133 pounders, as the night's opener. This was a gun-bang, humdinger affair with fists flying to every point of the compass. Berry was limited to cover too mobbing up Waters did the cleaner hitting and was given the decision.

Gene Watson and Tommy Richards, featherweights, furnished the sport in the second bout. Watson, over anxious, lost his game of distance. Tommy was the cleverer in the clinches and landed the cleaner blows. Richards was justly awarded the verdict amid deafening cheers.

George Moss swung his famous stop the fopper on George Johnson at the end of the first round, planting him in the reporter's box. Johnson came back, however, in the second round and though he stood gallantly in his gun thereafter, it looked as if Moss outbatted him. Johnson appeared all in, warlike times, but stuck it out. It looked as if Moss won, but the go was called a draw. The men fought at 121 pounds.

In the third session of the fourth bout, George Shade swung a Killy-bar-the-door on Ray Gaultier, putting the latter so near Poppyland that Referee Donald justly stopped the fight. The lady exchanged courtesies at 144 pounds.

The semi-windup brought Young Frits and Al McManus together at 135 pounds. Frits, the sturdier, had the better of the argument and was declared the winner. McManus proved a bear at assimilating punishment.

LETTERS TO "THE TIMES"

Would Hang the Spies.

LOS ANGELES, March 19.—[To the Editor of The Times:] The writer is an old-timer on the Pacific Coast, though his name has seldom appeared in print. As a boy, mounted on the back of a broncho, I have galloped across ground upon which now stand some of the big business blocks and palatial mansions of Los Angeles. I have ridden through mud and higher than my youthful head reached when sitting on my steed, and I have seen the land between the steep little Pueblo de Los Angeles and the old Ten Mile House an open, barren plain.

THE HEN COMES TO TOWN.

The Department of Agriculture says:

"In every household, no matter how economical, there is a certain amount of table scraps and kitchen waste. Poultry is the only class of domestic animals which is suitable for converting this waste material, right where it is produced in the city, into wholesome and nutritious food in the form of eggs and poultry meat. By keeping a back-yard poultry flock the family would not only help in reducing the cost of living, but would have eggs of a quality and freshness which are often difficult to obtain. Remember that eggs produced by the back-yard flock cost very little, as the fowls are fed largely on waste materials."

You may think that keeping chickens is not practicable for you personally. But it is easier than you think. If the idea interests you, The Times is ready to send you free an official, illustrated book published by the Department of Agriculture, telling just how it is done.

To get a copy of this free book, send your name and address, with a 2-cent stamp for return postage, to THE LOS ANGELES TIMES INFORMATION BUREAU, Frederic J. Haskin, director, WASHINGTON, D. C. Ask for the Poultry Book.

Amazing Adventures of Countess at Haunts of Desperate Scheming Groups

The Times will print next Sunday the first article of the series of astonishing revelations of German political intrigue throughout the world written by the Countess von Schaumburg, self-confessed agent of the Wilhelmstrasse.

With frankness does this past-mistress of the art of ensnaring men lay bare the methods by which she reached her dupes—her malign influence was brought to bear on every man and woman with whom she came into contact, she declares.

A veritable web of duplicity was woven around the Russian empire by this woman, who devoted her brains and beauty unreservedly to the fatherland.

Europe, accustomed to scandal in high political life, has raised its eyebrows in amazement at this story, which is also appearing in several continental newspapers. It is stated that the Countess's confessions were abstracted from her attache case by an enemy who followed her to Berne, from which city she began her plotting.

M. Mulyukov, the former Foreign Minister of Russia, and one of the leading figures in the Russian revolution, during a speech before the Duma attacking the Czarina's regime, spoke nearly two hours regarding this woman and her many political machinations.

The Russian woman to whom Countess von Schaumburg refers in this article was also violently attacked by M. Mulyukov during his famous Duma speech. This woman, Madame Wassilchikoff, a former intimate of the ex-Czar, is now a prisoner in the hands of the Russian government, awaiting trial by military court for treason.

This titled lady's beauty and high social position, and her command of money, made her a valuable aid to the Kaiser's schemes of peaceful penetration before and during the war.

HOWE IS ACQUITTED ON CHARGE OF MURDER.

Frees Her on the Second Ballot After Two and a Half Hours, on the Ground of Insanity.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
March 19.—After two and a half hours of deliberation, the jury trying the case of Mrs. E. H. Howe for the murder of her husband, George, acquitted her on the second ballot on the ground of insanity.

The jury, which was composed of twelve men, deliberated for two and a half hours before reaching a verdict. The case had been brought to trial on the charge of first degree murder. The prosecution had presented a strong case against Mrs. Howe, but the defense had argued that she was insane at the time of the crime.

The jury's decision was based on the testimony of several witnesses, including a doctor who had examined Mrs. Howe before the trial. The doctor had testified that Mrs. Howe was insane at the time of the crime and that she was still insane at the time of the trial.

The jury's decision was a surprise to many people, as Mrs. Howe had been widely expected to be found guilty. The case had been one of the most sensational in the history of the Los Angeles courts.

PREVARICATOR OR IMBECILE.

Court Thinks Grand Jury Should Look Into Case of Rich Armenian.

In dismissing a charge of grand larceny yesterday against Julius and Lena Leventhal, Justice Brown took occasion to reprimand severely John O. Goganesoff, a wealthy Armenian, for the contradictory evidence given by him in the case, adding that his testimony was of such a nature as to call for a grand jury investigation.

"You are either a gross perverter of the truth or a fit subject for an insane asylum," declared the court.

PLAN ROUGH ROAD FOR AUTO THEVES.

CITY COUNCIL BUSY ON AN OR- DINANCE TO HAVE MA- CHINES FOR OWNERS.

The City Council Committee of the Whole yesterday wrestled for several hours with the proposed ordinance to place more obstructions in the paths of automobile thieves. Five measures were tentatively agreed upon, and when they are re-adopted by the City Council will be presented for adoption.

The ordinance provides heavy penalties for violations and are directed chiefly at persons engaged in the repair, wrecking and remodeling of machines. Second-hand dealers will be prohibited from buying or selling machines whose numbers have been defaced, while wrecked automobiles must be held four days for inspection by the police before the parts can be disposed of.

Reports must be made to the Chief of Police within seventy-two hours of all automobiles damaged or altered in any way. The ordinance also provides that any person who is found guilty of violating the ordinance shall be fined not less than \$100 and not more than \$500, and shall be imprisoned not less than 30 days and not more than 90 days.

DETECTIVE HELD AS AN ENEMY.

John W. Block Arrested for Registration Fraud.

Licensee of Agency Managed by Former Mayor.

Falsification of Address is Among Charges.

John W. Block, holder of the license of the National Detective Agency, of which Charles E. Sebastian, former Mayor and Chief of Police, is the manager and John Chimes is assistant manager, was arrested late yesterday by Hiram J. Wambold, secretary to Chief of Police Butler, and Detective Roy Jones, and booked at the County Jail on the charge of violating the Presidential proclamation regulating the registration of German alien enemies.

Falsification of his address and alleged statements not in accord with the ones made in his registration blank are some of the charges against Block. That he, an alien enemy, is in possession of a deputy sheriff's badge and other credentials not usually accessible to alien enemies, is another violation in the spirit, if not the letter of the registration act, in the view of the police.

Says Ex-Husband Libeled Her.

Mrs. Ethel P. Young.

WIFE'S SLANDER SUIT REVIVES MANY ACTIONS.

ALLEGING that she was slandered and libeled by her former husband, Dr. Frank P. Young, in the answer he filed to one of her suits, Mrs. Ethel P. Young yesterday filed suit for \$10,000 damages and revived a series of actions against the doctor's life of the couple. Mrs. Young originally filed suit for divorce, but there was a property settlement and the case was dismissed. Under this agreement Mrs. Young was to receive \$1500 a month alimony.

Mrs. Young's complaint set out statements bearing on her alleged friendship with Mr. Mitchell. Her counsel, Col. R. W. Richardson, moved to strike out the allegations referring to Mr. Mitchell on the ground that they were irrelevant and immaterial in alimony proceedings. The motion was granted.

Mrs. Mitchell filed another action against Mrs. Young, claiming \$50,000 damages from the lost love of Mr. Mitchell.

SAYS CITY'S FATE HANGS ON LIQUOR DECISION.

Victory of Any Point in the Case of Saloonmen Means End of Our Municipality, Avers Judge.

THE far-reaching possibilities raised in the injunction suit of Peter T. Ludwick, who is backed by the Bartender's Union, against the city of Los Angeles to restrain the enforcement of the Candler ordinance closing the saloons of this city April 1, caused Judge Jackson to say to the attorneys for Mr. Ludwick yesterday:

"Any decision sustaining any of the conditions set up in the complaint means the end of Los Angeles as a city. It would mean that this city would be without authority to pass this ordinance, because the city never had a legal existence; that the only authority that exists is the state, pueblo, four square leagues. It is too important a matter for me to decide offhand."

The court instructed Attorney G. C. Cary, representing Mr. Ludwick, to file the opening brief next Monday, the city, represented by City Attorney Burnell, filing the reply brief the following Saturday. These briefs will cover other matters raised by Mr. Cary. Attorney J. J. Morris is associated with Mr. Cary.

"GREAT LEGISLATION." Several Federal questions are involved in the suit, among them, annexation. Attorney McClelland stated to the court:

"There is much ridiculous legislation in this state; very much freak legislation. Too much power is given that does not exist. Society needs an awakening in order to protect the people, even if it hurts."

The city has taken the position that the allegations in the complaint are ridiculous. It is contended that the state cannot be involved. The question whether Los Angeles has authority to enact the ordinance can only be raised by the state itself in quo warranto proceedings.

The argument in behalf of the complaint covered the ground back to the good old Spanish days when Los Angeles was a pueblo. The old Spanish treaties were read into the evidence, and all the argument sought to direct itself to the conclusion that Los Angeles city never had a legal existence.

Judge Jackson, who has read widely on the good old pueblo days, has taken the deepest interest in the presentation of the facts, and because of his knowledge of conditions prevailing then, he desires to give the matter his very best attention. It is quite probable that the case will be carried to the Appellate Court, if no injunction asked for is not granted.

MORE LICENSE TROUBLE. A new angle of the liquor situation developed yesterday when City Prosecutor Widney informed the Police Commission that the ten hotel liquor license holders must be granted new permits before April 1, as they cannot dispense intoxicating beverages without the necessary permits. The Police Commission will probably make a decision on the matter by the end of the week.

The rules of the Commission require that the Police Department have one week in which to investigate the case of each applicant. If the commission should fail to act until the next regular meeting, Tuesday of next week, the case would be insufficient for the usual investigation.

After midnight of the 31st the Police Commission will be prepared to issue liquor permits until the total number falls below 100. Yesterday afternoon applications for liquor permits, including restaurants and wholesale houses, were read by the commission. The case of one applicant was deferred one week.

The commission continued for the purpose of introducing a resolution of the proprietor of which is charged with misconduct of his business. Upon the patriotic ground, the Los Angeles should favor American rather than alien, especially at this critical period, Councilman O'Brien yesterday introduced a resolution questioning the Police Commission to issue no more wholesale, retail or restaurant liquor licenses to persons who are not American citizens and to revoke the licenses of aliens who now possess them. The resolution was adopted unanimously.

Because it was believed that the resolution might be of no legal effect, Councilman Mulford suggested that the City Attorney be instructed to prepare an ordinance covering the question. A motion to that effect was unanimously adopted.

FILM STARS TESTIFY.

Chaplin, Murray and Bennett as Character Witnesses for Robber Suspect.

Charlie Chaplin, Charlie Murray and Mack Bennett, all-time champion laugh-makers, were called as witnesses yesterday at the preliminary hearing of "Jimmy" Bennett and C. L. McRae before Judge Willis. The court will hear the motion for probation on March 24.

The condition of the court case was handled hundreds of thousands of dollars worth of motion picture money. The idea of his holding up a C. L. McRae last Thanksgiving Eve was ludicrous.

BURGLAR AND BARA.

Nocturnal Intruder Frightens Actress
in Minor Mansion on West
Adams Street.

The Randolph Huntington Miner mansion on West Adams street, now occupied under lease by Theda Bara, the film actress, was entered, presumably by a burglar, at an early hour yesterday morning, but the intruder was frightened off before he had a chance to steal anything.

Miss Bara has three servants, a cook, a housemaid, and a man servant who serves as gardener. Shortly after midnight, Miss Bara was awakened by her maids, Miss Loro Bara, who heard noises in the living-rooms below. They roused the housemaid and the gardener, who went downstairs, exactly like the famous old family servant in the picture plays, to hunt for burglars. The noises ceased suddenly, and a window was discovered open.

The whole thing was very mysterious, declares Miss Bara, and private detectives were hired yesterday to watch the house. There is a possibility, Miss Bara thinks, that the intruder was a "rat" who has been writing mash notes lately.

Handwriting Experts May Have to Examine Venice Documents in Fight of "Wets."

It was indicated in Judge Willis's court yesterday, where the Venice "dry" ordinance is being attacked, that nearly 4000 registration certificates may have to be examined by handwriting experts before the suit brought by Daniel Daniels can be decided. Mr. Daniels asks that the city of Venice be restrained from placing the "dry" ordinance before the people April 8. He alleges many irregularities.

Attorney W. W. Odell, representing the city, contends that the spirit of the law was not fractured because the City Clerk did not examine all the names on the petition. Attorney Paul Schenck, counsel for Mr. Daniels, says that the petition is illegal because it was not gone over by the City Clerk. The latter is represented by Attorney Charles Lyons.

DIFFER ON SUNDAY.

Proposed Closing Ordinance Elicits Opposite Views at Council Hearing.

After hearing arguments pro and con on the question of enacting some sort of a Sunday-closing ordinance, the Health and Sanitation Committee of the Council yesterday took the matter under advisement for one week.

Dr. Charles E. Locke, pastor of the First Methodist Episcopal Church, speaking in favor of the proposition, took issue with Rabbi Myers, who said the proposed ordinance is un-American. Dr. Locke said such a measure is not only American, but patriotic and would be classed as humanitarian.

WOMAN SHOTS AT SKULKING VISITOR.

The clink of coin late last night attracted an unidentified man to the kitchen window of the home of Mrs. M. Walsh, at No. 4216 Wadsworth street, and also caused the man some slight discomfort and a hurried departure.

Mrs. Walsh was counting some money in her kitchen and looked up to see the face of a stranger at the window. The housewife caught up a revolver from the kitchen table and fired two shots through the window at the spectator, who ducked quickly and ran. When Mrs. Walsh rushed outside with the revolver to shoot at the man again, she told Officers Bachman and Wertz, she could hear the man running heavily down a side street, the pounding of his feet being steady and swift.

McDougall, an army officer on duty at San Diego, also filed a petition in bankruptcy, his debts are \$4288.46, and his assets \$4127.50, of which \$2716 is the alleged value of his real estate.

KEARNY BATTLE FIELD OF MUD RESEMBLES FRANCE.

Rain Falls to Halt the Theoretical Fight Between the Units.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

CAMP KEARNY, March 19.—All that was looking today to give this camp the proper semblance to the battle-scarred fields of France was a few well shot up German. The mud, exploding bombs, steel-shod soldiers, boggy trenches filled with eager soldiers and battle conditions were all here and in the minds of the Summies they fought a battle in France today, at least those who spent the last twenty-four hours in the trenches south of camp.

Two battalions of the One Hundred and Fifty-ninth Infantry, the First, led by Maj. L. S. O'Toole, and the Third, led by Maj. Will Kelly, marched bravely from camp this morning and entered the trench area to dig trenches where the students of the officers' training school are conducting a three-day battle. Things went well until about 11 o'clock today, when something broke loose up above and in a few minutes the men were drenched to the skin. Shortly after noon the two battalions came marching back, perfectly oblivious of the fact that they tramped through knee-deep puddles and streams and those who did not have dry clothes were out of luck.

Rain has peculiar aspects here: one gets wet from the ground up and an umbrella is of little use. The two battalions of men hurriedly changed clothes and in about two hours were gathered around mess tables studying from books the best ways to get rid of Fritz. Maj. O'Toole's battalion was working with vigor in the "Prison" trench and Maj. Kelly's in the "Cafe" trench when the rain came. Shovels and picks were dropped for rain coats and the march through the mud back to camp was started. Nobody kicked. Everybody felt that they got what they might expect in France when the Summies Division occupies some part of a sector.

DIFFERENT EXPERIENCE. The student officers had a little different experience. Having been up most of the night warding off raids of a simulated enemy made up of a detachment from the school, the showers of showers were stopped shortly after noon the two battalions

RAILWAY MEN ON REGISTER.

Response in this City has been Prompt—Lasts to Clean Room.

William L. Clark, superintendent of the public employment bureau here, has received instructions from Washington that the registration of railway operatives will close in this district on March 21. Due to the co-operation of the railway transportation companies in this city the registration matter was given complete publicity.

Four days remain in which to file the names, information and full details, instructions for which have already been furnished the various companies and which have been posted throughout the different divisions.

through the camouflaged tents, hidden from the prying eyes of passing Americans and full of go, captured eight prisoners. The casualties were light, but during the night the trenches were a busy spot.

In the Washington front-line trench, no time was allowed to go for shares in the night, the explosion of bombs, simulated artillery warfare and numerous battle problems sprung up, as if by magic for the officers-to-be. The raid came at 1:30 o'clock and filled with all the thrills of battle. Late in the afternoon Capt. H. C. Byrnes of the Colorado regiment and attached to the training school, gave the order and the men cheered as they filed out of the trenches and began the long hike through the pelting rain to do every minute. Though the "Berlin" trench was well fortified, the victory of the night belonged to the "American" forces. From a theoretical viewpoint there were a few casualties, but aside from the capture of eight men by the "enemy" the night's fight was "American" all the way through. Persons approaching headquarters during the night were met by a guard who demanded a password. If you looked like a spy, may the powers help you, for theoretically you would be shot at sunrise. However, nobody was executed. Not only was there a simulated rifle fire, but the rattle of machine guns and the clap, clap of the trench mortar battery kept things going during the twenty minutes of fighting that took place. Rockets, bombs and the "artillery" fire gave the night the semblance of one in Flanders, and the rain that came up a few hours later gave additional fuel to the imaginary idea.

Welfare League Gives Farewell Affairs to Soldiers Leaving for Four Army Camps.

Reception to 130 Los Angeles soldiers who left for Kelly Field Camp, Exmouth and Fort McDowell were given by the Soldiers' and Sailors' Welfare League yesterday. One hundred men left on a train at 4:30 o'clock for Kelly Field, San Antonio, Tex., and thirty others departed at 5 o'clock for Camp Fremont and Fort McDowell.

A band played as both trains left, and cigars and other gifts were presented to the departing men. Buttons showing the welfare to the Los Angeles army soldiers were given to all the men. Among those leaving for Camp Fremont was H. L. Harris, No. 514, who lives on Twenty-third street, the fourth son of J. J. Harris to go to war.

Redick C. Bryan, an undertaker and nephew of William Jennings Bryan was drafted into service yesterday and will leave for Camp Lewis tomorrow.

ARMY OFFICER FAILS IN DIVORCE SUIT.

CAPT. JAMES T. ARWINE ORDERED TO PAY WIFE MAINTENANCE.

Trial of the divorce suit of Capt. James T. Arwine of Lancaster against Ella A. Arwine was heard in Judge York's court yesterday. Capt. Arwine, who is in the Medical Corps of the Army, charged his wife with intoxication. In a cross-complaint, asking separate maintenance, Mrs. Arwine set out that she had mortgaged property given to her by her father to assist her husband in fighting the State Medical Board.

Capt. Arwine was denied a decree and Mrs. Arwine was granted maintenance of \$15 a month.

WAR PHOTO-DRAMA HELPS RECRUITING.

ARMY OFFICERS THINK FILM WILL BE BIG AD TO THE NATION.

That David Wark Griffith's war drama, "Hearts of the World," will prove a stimulant to recruiting is the belief of army officers and draft officials who have viewed the photoplay. Since its presentation at a local theater, a marked increase in the number of recruits both to the army and navy has been noticed, it is said.

Among those who have noted the effect of the film is George Dennis, chairman of local Board No. 17, the largest exemption district in the United States. On the morning following the first showing of the film, seven men, who had been granted deferred classification, returned to the district headquarters, announced that they wished to withdraw their claims for exemption and asked for immediate induction into the army.

"I asked these men why they experienced such a change in mind," said Mr. Dennis last night. "They answered that they had witnessed the photoplay and after seeing the graphic portrayal of fighting and the Germans occupying a French village, they decided they wanted to get after the Germans at once."

Capt. Poundstone, commander of the submarine base at the Harbor, declares that the film will be in stimulating recruiting will be national. He says, "It is a strange thing that a motion picture should be our most valuable agency in securing recruits, but I am convinced that is what happened."

Countess Loses Bracelet, but Doesn't Worry Much.

For Eminent Redskin's Ghost is on Thief's Trail.

Countess Adrienne de Coriche, No. 132 West Twenty-eighth street, who reported to the police yesterday that a Navajo bracelet was stolen from

her in a fashionable downtown hotel, says she has called upon the spirit of Sitting Bull to aid her in recovering the lost ornament and that the ghost of the eminent tomahawk artist has undertaken to rescue the ornament. She took the bracelet from her wrist while making her toilet and stepped out of the room without replacing it. When she returned five minutes later it had disappeared.

"The bracelet was one of many articles in the Navajo exhibit at the Panama-Pacific International Exposition," says the countess, "and it

NEVER MIND OFFICER, SITTING BULL SAYS HE WILL GET IT FOR ME.

was obtained and presented to me by Lieut. Alexander Saunders, a Canadian army officer. It was originally made for Princess Star of the Navajo tribe."

Upon it is engraved an Indian legend which says that the owner will be protected from evil spirits so long as she wears the ornament. The countess thinks that the evil spirit of the Indian caused her to lose the bracelet because she took it off and laid it aside, and she says she also believes that the evil spirit will pursue the person who stole the bracelet.

SITTING BULL HITS THE TRAIL.

"I know Sitting Bull quite well," says the countess, and last night I called upon his spirit to assist me in recovering the bracelet. Moreover, I had a thought message from his spirit, assuring me that the bracelet will be returned; I am a firm believer in psychic phenomena, and I believe that Sitting Bull is going to give me assistance."

The Countess de Coriche came to Los Angeles several months ago from Fort Worth, Texas, to escape from a young soldier who fell in love with her after she adopted his regiment. He telegraphed to her once that he was coming here to marry her, but before he obtained leave of absence he was stricken with pneumonia.

VINDICATES ELEY ON GRAFT CHARGE.

FIREMAN WHO AIDED FUND DECLARES MONEY WENT TO FIRE CHIEF'S WIFE.

David E. Noble, a fireman, who assisted in the collection of fund that was given to the wife of Archie Eley, suspended Fire Chief, yesterday under oath told the Finance Committee of the City Council that no threats were made to firemen who were approached for donations and that the money was not raised to assist Mr. Eley in his legal battle for vindication of graft charges.

His statements sustained the action of the Finance Committee, which reported that there was no ground for the accusation made by one Eldridge against Mr. Eley.

Fireman Noble said a son of Mr. and Mrs. Eley visited himself and Fireman Haben, telling them that his mother was in destitute circumstances. "We had collected money many times for other firemen," Mr. Noble said, "and when we found the condition of affairs in the Eley home we started a subscription list. We collected \$450 and turned it over to Mrs. Eley. I am sure the money was used by her to run the home and that not one penny of it went to defray the expenses of Mr. Eley's trial."

Fireman Haben will appear before the committee later in the week.

BLOOD THERE BEFORE.

Stains-on-carpet Evidence Shaken in Murder Trial of Guadalupe Martinez.

Unexpected testimony was sprung by the defense in the murder trial of Guadalupe Martinez before Judge Craig yesterday, when Julius Leventhal testified that blood stains on a strip of carpet introduced as evidence were there before Martinez and his wife moved into the auto club apartments on North Hill street.

"I remember this distinctly," said Leventhal, owner of the apartment-house, "because Mrs. Martinez at the time she moved in asked me if I had any means by which to remove the stains."

Replying to questions by Deputy District Attorney Hogan, Mr. Leventhal admitted, however, that small articles of trinkets and jewelry were found by him on the floor immediately after Mrs. Rosa Martinez fell or was alleged to have been thrown from the window by her husband last December.

INVESTIGATE CHARGE OF SLUSH-FUND LEVYING.

Grave Accusations Involving Politicians of the City Given Airing Before Grand Jury.

AN INVESTIGATION into various phases of the city administration was begun yesterday by the county grand jury with the examination of a dozen more important witnesses. Among those called to the stand were Edward Hevle, a city employee; James Davis, a jeweler; George Clarkson; V. Barisich, former cafe owner; Ernest Mikelsch, Slavonian interpreter; William Maier, manager for the Royal Wines Company; Mike Bebeck, cafe proprietor; and L. S. Biocina, former partner of Bebeck.

Biocina, who was questioned for half an hour by the county body, is understood to have named a certain Los Angeles politician as having made three visits to his cafe in Spring street on each of which occasions he demanded a campaign contribution with the alternate of losing his liquor license.

That this politician came in a large and handsomely equipped automobile and was accompanied by a "political boss," to whom Biocina finally gave a check for \$25 as "tribute money," was stated by the witness.

HAD TO "COME THROUGH."

He said this money, he said, he came he had been told frankly that his cafe would be closed if he did not "come through." This money is de-

ENEMY STRIKES AT INCOME TAX.

New Kind of Pro-German Plot Uncovered Here.

Propaganda Aims at Holding Back Returns.

Revenue Agents Seek Source of Movement.

Baring a new kind of pro-German plot, Collector of Internal Revenue Carter, announced yesterday that he has received from reliable sources information of propaganda disseminated here and having for its object the withholding of income tax returns.

In the localities where this propaganda has been spread there is unusual dereliction in the making out of the tax returns, and the condition appears to be the direct result of a studied effort on the part of enemies of the country to discourage compliance with the law.

Do not keep books or accounts and ascertain their gross income by inventory, should prepare their returns of annual net income on the basis of actual receipts and disbursements in order that their returns of income may be susceptible of audit for purposes of verification.

This ruling relates only to income derived from the operation of a farm or other business in which the taxpayer is engaged in the production of goods or the sale of commodities, and which may be returned as income.

Where a farmer exchanges farm produce for merchandise, groceries or mill products, the market value of the article or product received in exchange is to be returned as income.

A farmer is not required to include in his income tax return the value of farm produce consumed by himself and his family.

DIDN'T DIVORCE THE JUDGE.

Merely Got a Decree from Him From-Of Well, She Got It.

Mrs. A. Duncan was a witness in a divorce suit in Judge Wood's court yesterday. The judge glanced at her perfunctorily, observed her more closely a second time, and remarked:

"Haven't you been in this court before?"

"Yes," was the reply. "I got a divorce from you on July 31."

Judge Wood flushed as he saw smiles on the faces of the spectators.

"Don't you mean that I granted you a divorce?" he asked?

Mrs. Duncan blushed.

"Yes, I mean that, of course," she responded.

OPERATION OF FARM.

"All corporations, partnerships and individuals engaged in the livestock or farming business which do not keep books or accounts and ascertain their gross income by inventory, should prepare their returns of annual net income on the basis of actual receipts and disbursements in order that their returns of income may be susceptible of audit for purposes of verification.

Eviction of Sailor's Wife at Harbor Halted.

Civil Rights Law for Men in Service Evoked.

Foreclosure Suits go Off the Calendar for War.

The dependents of men in the service of the government, in whose behalf the soldiers' and sailors' civil rights law was enacted, are finding full protection under this act. A woman whose husband is in the navy received notice from her landlord that the rent of her home in San Pedro would be raised from \$25 to \$30 a month, and yesterday was the day set to pay or get out.

PARADE WILL BE LARGEST OF KIND.

AL G. BARNES SHOW HAS MANY UNIQUE FEATURES FOR STREET DISPLAY.

The street parade which will be given by the Al G. Barnes show when it comes to this city tomorrow for a three days' stay, will, it is expected, be one of the best yet seen here. In novelty as well as in magnitude the parade is said to be unique.

Over two miles in length, the parade will contain many bands of music, stomp planks, calliopes, drum corps and many new features, as well as gorgeously caparisoned horses with costumed men and women riders. In the parade will be included a collection of rare wild animals, and in each den men and women trainers. Thirty full-grown, jungle-bred African lions will be among the den occupants. Almost every known animal has been educated to perform for the show, and these will be seen in the parade through the streets.

LESSON FROM SQUIRRELS.

Will Cites Habit of Laying up Winter Supplies in Fall as Good One to Copy.

With the aid of his typewriter, the late Thomas Morton Pierce wrote his will, a copy of which was filed with a petition for letters of administration yesterday. The petition states that the alleged will is void for the reason that it is an attempt to create a perpetuity. Mr. Pierce, who died November 22, 1917, wrote: "By the little squirrel who through its instinctive knowledge lays its winter's supplies up in the fall, we are taught the lesson of being prepared." Mr. Pierce said he was trying to follow the example set by the little squirrel.

DIDN'T LIKE THE BARN.

Mrs. Pauline Ortega rebelled at the alleged cave-men methods of her husband, Paul B. Ortega, and sued for divorce. She told Judge Wood yesterday that Mr. Ortega drove her from the house and forced her to sleep in the barn without blankets. He also had a habit of throwing dishes about, she said.
